Signature of spouse <i>(only if for a joint class):</i>			Date:

PLTI stands for Parent Leadership Training Institute. The PLTI initiative is a strategy to bolster parental involvement while promoting the lifelong health, safety and learning of children.

PLTI:

Is building a community

Is diverse: as example race, culture, age, class, economics status, gender, marital status, religious beliefs, ethnicity

Is intergenerational: parent, grandparents and great-grandparents

Is parent-based than institution-based

Is about Civics, not Service

Our definition of Parent Leader is someone who fights or speaks publicly in support of a person, belief, cause etc. that will help change or make a difference in the community. Parent leaders represent the demographic profile of their region. Ages span from teen parent to grandparents raising grandchildren. They are single parents, married parents, stepparents, foster and adoptive parents; even those who act as a parental figure to children. Classes are comprised of 20-25 diverse individuals.

Parent Leaders are offered four phases of training built on interactive adult learning practices:

- A. A retreat to develop group and define mission:
 - B. 10 weeks on parent leadership with focus on voice, difference, values and problem definition:
 - C. 10 weeks on how change occurs for children including best practice, data analysis, model policy
 - D. A graduation follows in a local civic setting or the State Capitol where parent leaders receive a diploma with the state seal from the Secretary of State. Alumni group of COPLTI is formed. Alumni continue to work with COPLTI after completion
1. 20-week class offers the following: 1 class per week for 4 hours
 - A. Class is free for the parent leaders attending
 - B. Healthy Family Style Meals served before each class
 - c. Child Care provided during classes
 2. Every Parent Leader that attends the 20-week class has a community project due in the class PLTI can assist in the implementation of the projects in the community.
